RETURN RECEIPT REQUESTED

TO: Mr. Brian MacKenzie  
SEALAND Enviro LLC  
58 Pomfret Street  
Putnam, CT 06260

FROM: Marie D. Noel   
EPA Region 7 Contracting Officer

**NOTICE OF TERMINATION**

This is to notify you that contract EP-S7-13-10, award date 9/27/2013, is hereby terminated for convenience effective October 23, 2013 per the clause TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (FIXED-PRICE) (SHORT FORM) (APR 1984. This is a complete termination. Your contract is terminated for the following reason: an error was made in the computation of the total price proposed. Correction of the error resulted in the Sealand offer not being the best value to the Government under a competition where price is significantly more important than all technical factors when combined.

As a result of this termination, Sealand shall take the following steps:

- 1) Stop all pre-mobilization activities;
- 2) Keep adequate record of your compliance with 1) above, showing the date you received the Notice of Termination and effective date of the termination;
- 3) Furnish a notice of termination to each immediate subcontractor and supplier affected by this termination, specifying your Government contract number; state that the contract has been terminated completely; provide instructions to place no orders, make no shipments, and terminate all subcontracts under the contract;
- 4) Notify the Contracting Officer of all pending legal proceedings that are based on subcontracts or purchase orders under the contract, or in which a lien has been or may be placed and promptly notify the Contracting Officer of any such proceedings that are filed after receipt of this Notice;
- 5) Take any other action required by the Contracting Officer or under the Termination clause in the contract.

As work has not commenced, establishing that all prime and subcontractor termination inventory has been properly accounted for is not applicable.
